第 3 章 会议与谈判

THE SUPREME COURT's reversal of the conviction of the Black Hawk Indians illustrates a distinction in Thompson, N. C., three years ago, strike a blow which may or may never be forgotten. The power of the people's rights seemed vindicated.

## **CP Urges Support To Cuban Relief**

**THE FEDERAL PARTY** of the USA, known also as the Whigs, was in opposition to the policies pursued by Andrew Jackson in the *Democrats*.

The movement started in 1830. It was at first a loose alliance of small groups, but soon developed into a well-organized party, particularly in the North.

A number of general "representatives" are elected, and each state sends two senators to the Senate, and one representative to the House.

At the time of the election of Jackson, the Whigs had a number of local organizations, but no national organization.
